

COP28 UAE

SIDE EVENT

Gender Just Climate Transitions Global Perspectives on the Implications for Land Rights and the Care Economy

● **09 December 2023**

15.00–16.30 UAE TIME

**Conference Connect Multipurpose Hall
Green Zone**

→ **Why focus on land rights and the economy of care perspective for a gender-just transition for climate change?** This two-part discussion will bring together a wide range of stakeholders for an achievement oriented discussion of how to empower an inclusive and equitable just transition where care and land rights and tenure security converge to drive meaningful change. We will highlight the voices and agency often overlooked in decision-making and discussion including grassroots communities, Indigenous and rural women, and youth. We will also consider how to support the importance of research and data for the foundation of policies with a gender focus for a just climate transition, and will connect the gender transition for land rights and the economy of care to the COP28 negotiations and broader policy context.

Join us for a COP28 Side Event co-hosted by the Action Coalition on Feminist Action for Climate Justice (FACJ) and the United Nations Research Institute for Social Development (UNRISD). If you are participating in COP this year and are interested in attending the event, please get in contact with Noni Estrada maria.estrada@un.org or Rosalind Helfand rosalind.helfand@unwomen.org

Part 1 **How to Achieve Climate Justice with Gender Equal Land Rights**
